Digital Photography Class Assignment
Basic Editing in Adobe Photoshop

Directions:

You will be required to modify a picture provided by the teacher. The picture should be modified based on the procedure described below.

Procedure:

1. **Crop** picture to 8"x10. During crop be sure to remove 5th dog all the way on the right.
2. In the top right corner using the **Pencil Tool (size 41px)** write your first name.
3. With the **Brush Tool (size 22px)** label the dogs 1, 2, 3, 4 in red.
4. With the **Lasso Tool** remove the right ear on dog #4 and **Move** it to the top left corner of picture.
5. Using the **Eye Dropper Tool** pick a white area on the picture which you think would best blend the area where the ear was removed. Using the **Brush Tool** color the area.
6. Using the **Blur Tool** soften the face and ear on the right side of dog #1.
7. Using the **Burn Tool** darken the belly on dog #2.
8. Using the **Dodge Tool** lighten the belly on dog #4.
9. Rename the image, Finally save as a jpg.
