### Digital Photography Shooting Assignment

#### Activity 2: Comparing Auto Mode to Scene Mode to Cell Phone

#### Directions:

You will be required to shoot **3 SETS** of pictures. Each set of pictures will be taken of **EXACTLY the same subject THREE times**. You will shoot each subject in **AUTO** mode, appropriate **Scene** mode and lastly 1 with your **CELL PHONE**.

#### Process:

1. **Subject 1:** While using the camera in Auto mode take a picture of your subject. Then in the appropriate Scene mode take a 2<sup>nd</sup> picture exactly the same way.
2. Take a 3<sup>rd</sup> picture of subject 1 with your cell phone exactly the same way. Tip, you may have to zoom in or out.
3. **Subject 2:** While using the camera in Auto mode take a picture of your subject. Then in the appropriate Scene mode take a 2<sup>nd</sup> picture exactly the same way.
4. Take a 3<sup>rd</sup> picture of subject 2 with your cell phone exactly the same way. Tip, you may have to zoom in or out.
5. **Subject 3:** While using the camera in Auto mode take a picture of your subject. Then in the appropriate Scene mode take a 2<sup>nd</sup> picture exactly the same way.
6. Take a 3<sup>rd</sup> picture of subject 3 with your cell phone exactly the same way. Tip, you may have to zoom in or out.
7. Select **ONE** subject/ set of pictures. Pick a set which you feel shows the best difference or similarity in quality between pictures.

8. Rename them using the following format:

Auto mode: **LastName\_FirstName\_Assign2A**

Scene mode: **LastName\_FirstName\_Assign2B**

Cell phone: **LastName\_FirstName\_Assign2C**

9. Send them to the instructor via email using the following format:

**LastName\_FirstName\_Assign2\_Per#**
