Digital Photo 2

Name _____

Using your first object, take 4 pictures using 4 different diopter lenses. Using your second object, take 4 pictures using 4 different extension tubes. You will be graded on your ability to set-up the object to be photographed, provide effective lighting, focus & expose the image. Quality is critical to successful completion of this activity.

Write down the corresponding data for each shot.

Shot Number	Diopter Magnification	F stop	Shutter Speed	
Shot #1				
Shot #2				
Shot #3				
Shot #4				

Shot Number	Extension Tube Mag	F stop	Shutter Speed	
Shot #1				
Shot #2				
Shot #3				
Shot #4
